And they were even more stunned to find the apartment-shagger was a TEACHER!

Jesse Schroeder was found wearing no shirt, with his trousers and pants pulled down.

Schroeder is reported to have been parading his presidential flat complex in Palm Harbor, Florida.

Police were alerted to the scene by multiple worried residents who could see Schroeder's genitals on full display.

One neighbour told cops that Schroeder's sex organs were exposed as he stalked around her parked vehicle, continuing to expose himself as he exited the car park onto a nearby med.

**EVERY day, my phone reminds** me of photos I've either taken or had sent to me via its "on

this day" feature.

The oldest snaps are generally from beer garden knees-ups, meals, birthdays and old family

get-togethers.
Then we skip through 2018/19 and into 2020/21.

Inten we skip through 2016/19 and into 2020/21.

And I cringe.
Images of shop floor markings suddenly fill my screen.

"Stand two metres apart!" we were ordered by teenage supermarket assistants. And instead of telling them to go f\*\*k themselves, we just meekly obeyed.

"Wash your hands while singing happy birthday!" was another one.

There are pictures of the missus in a face mask, or everyday household snaps casually featuring bottles of hand sanitiser on the sideboard.

We couldn't, of course, hug anyone outside of our bubble.

Shaking hands was also a big no-no, but elbowing each other, like we were all paraplegics, was fine.

#### **Substantial**

We were forced to spend money we didn't have on a "substantial meal" we didn't want just so we could have a pint or two.

That pint, of course, had to be finished by 10pm because after that, it seemed, COVID turned into a pumpkin.

Before we had even sat down, we had to inform the Government, via a OR code where we were and who we

had to inform the Government, via a QR code, where we were and who we were with.

Just before they finally did close all the restaurants and bars and sandwich shops and high streets and offices and airports and railways, we did have one other option.

"Eat out to help out," where for every meal out you paid for, the then Chancellor Rishi Sunak would pay for another.

for another.

Meaning at least one of the reasons Meaning at least one of the reasons the country is now bankrupt was so we could further feed people who in general look like they could survive a winter's hibernation and still live. Some of us took to our doorsteps every Thursday evening at 8pm to clang saucepans together, until we collectively realised that we'd taken complete leave of our senses and stopped, almost overnight.

Our roads, pavements, seas, lakes, rivers and hedgerows became scourged by masses of discarded blue face masks, which we now know were only slightly more useful than useless, and even that's up for debate.

Then along came the vaccines and lo! We were saved!

Once more we could run gaily along the street doing whatever we liked...

Except, of course, we could not, not least because those same roads and pavements were now patrolled by paranoid mask addicts convinced that the world would end if they removed them.

Then came the inevitable.

We knew that coronavirus was dangerous to those already vulnerable.

Then came the inevitable. We knew that coronavirus was dangerous to those already vulnerable, mainly the elderly and those with existing "underlying health problems" – code for being too fat, too old or asthmatic, or all three.

But then it turned out that the vaccines weren't exactly what they were cracked up to be, either.

According to Wikipedia, a vaccine is "a biological preparation that provides active acquired immunity to a particular infectious or malignant disease".

a particular infectious or malignant disease".

Yet unlike the smallpox vaccine, which stops people getting smallpox, the COVID-19 vaccines did not and still do not prevent people from catching it.

Nor do the vaccines prevent you from spreading it to others.

Just ask American President Joe Biden, who's had more jabs than a pin cushion, who is surrounded by quintuple-vaccinated secret services agents, and who STILL keeps getting it.

And then there's that dramatic rise in "sudden unexplained deaths", particularly in otherwise healthy young men, that the powers-that-be would prefer we ignored...

So what did I learn from my "on this day" interlude?

Simple.

To never again listen to anyone, anywhere, about anything... EVER.

# Locals beat burglar until police arrive

A GROUP of apartment residents twatted a would-be robber and kept him in custody using their own guns until authorities could arrest him.

Police said Marrell Tyler, 18 (above), got multiple facial injuries when he broke into the Kokomo, Indiana.

Police responded quickly but arrived to find Tyler beaten up and held at gunpoint, thanks to the actions of three men who had been inside the first apartment he entered. The men told police that Tyler had entered the apartment wearing a ski mask and pointing a gun at them.

Starting at the base, she licked and sucked me expertly and tickled the tip of my knob with her tongue.

By then we had progressed to the bedroom. She put her lips round my dick again and I exploded in her mouth.

Later I shagged her from behind before we both collapsed in an exhausted heap.

When I woke in the morning I had a raging hangover and dashed to the loo to throw up. When I returned to the bedroom I saw the woman I had shagged. She was about 50, with droopy tits, and her false teeth were in a glass.

I ran for it and it's put me right off sex. What can I do to regain my enthusiasm?

MY missus used to dress up for me and play the slave to my strict master and obey my orders.

Obviously, I made the most of it and would have her sucking my cock as often as I wanted.

But that's all gone out of the window. She works as an accountant but I was made redundant a few months ago.

Now she lays down the law. She made a list of my household duties and a list of sexual services that she demands that I perform to order.

As soon as she walks through the door of an evening, I'm supposed to have a meal on the table. Then I have to fondle her vagina with my fingers before going to work on her clit with my tongue to bring her to orgasm.

# Cave sex was dark and dirty

# Dear Kelly,

I RECENTLY went rambling for the first time. I thought it meant gently walking about on the hills, but it turned out to be a lot more energetic than that.

I hung back a bit until a hunky-looking fella asked me to climb the side of a cave to get to the top. But he led me in it and began to take off my clothes.

He sank his mouth down on my erect nipples and I grabbed his cock and took it in my mouth.

I made his cock wet and then got on all fours and waited for him to push it in.

# Dear Kelly,

I RECENTLY got back from a six-month holiday touring the world and I'd really been looking forward to seeing my hot blonde girlfriend again.

But when we got together it was clear that something wasn't as it used to be.

Then I got a surprise when my younger brother

called to her place for a brew. He seemed very sure of himself around her house.

Then I caught them at it when I got back from the

shops one day. I was walking past the kitchen window to the back door as I spotted them. She was bent over the ironing board as he shafted her from behind and I could hardly believe my eyes as

I watched him sliding in and out of her snatch.

She sucked on him greedily, taking his full length deep into her throat and then she got down on all fours so he could give it to her doggy-style.

She yelled in ecstasy as she climaxed and my brother shot his hot spunk over her arse-cheeks.

I gave them a few minutes to get dressed before walking in, but I didn't reveal that I had seen them. They pretended that nothing had gone on and I felt insulted that two people so close to me could be so

goodbye to the creepy **Crawleys of Downton** Abbey and hello to the horny hotties of buxom

horny hotties of buxon Bottomley Manor!

For all you red-blooded fellas who love your porn but are bored to tears by dull Downton Abbey this is your lucky day.

Released last week, the UK's most highly anticipated adult movie is available exclusively through the Sport's adult partner Private Shops and, for a limited time they're offering readers another £5 OFF the already low, low price.

OFF the already low, low price.

Down On Abby is a big budget, full length adult masterpiece starring porn legend Ben Dover and a cast of the hottest adult stars around. It will transport you to Bottomley Manor, home to the Lord Grabhem (played by Ben Dover), his wife (and 2014 AVN nominee) Jasmine Jae, and their two Jasmine Jae, and their two young promiscuous step-daughters, Abby and Fanny.

The Grabhems have invited the Stiffies to dinner and their staff, led by butler Smalle\*\*\* and footman Master Bates, hurriedly prepare to receive their honoured guests.

But during preparations some members of staff have their own ideas of how to make the night go with a bang! As dinner approaches it seems everyone's got more than fancy nosh on their minds. Mind you, there is plenty of noshing as well as lots of other filth that will even cause a crease in

lots of other filth that will even cause a crease in Carson's keks.

We see plenty of R18 DVDs at the Sport but this one is really something special and one you MUST not miss!

This future classic stars Ava Dalush as Missy, Cathy Heaven as Lucy, Emma Leigh as Betty, Jasmine Jae as Lady Wanda Grabhem, Jasmine James as Fanny Grabhem, Jess West as Lady Stiffie, Lexi Lowe as Abby Grabhem, Ben Dover as Lord Will Grabhem, Big Bad Dave as Smithers and Dave as Smithers and Clarke Kent as Master

### SPORT STARTS HERE WITH RACING

**POWER UNDER ME can** make the trip from Ireland pay dividends by securing another Listed verdict in the Ben Marshall Stakes at Nottingham.

The four-year-old has scored three times at this level already for Ger Lyons, hitting the target once last term before adding another two triumphs in the current campaign.

campaign.

His most recent verdict came over a mile at Leopardstown, when he kept on well to repel Emporio on soft ground after being produced with a perfectly-timed late run.

### Challenge

That win was his first over eight furlongs, having shown all his best form previously over six, and having also won on good ground as well as with more cut, he looks a pretty versatile performer.

Twice a winner towards the backend of last year, Sky Blue Pink has made a fairly limited impact so far this term, with the first part of the season a bit disappointing before lately looking more like her old self. Claritudo is another who did not enjoy a dream passage on his most recent start, but compensation could await in the racingtv.com/freetrial Handicap.

He switches up to two miles on the turf for the first time and while his previous attempt at the distance on the all weather failed to yield any joy, he is worth another try.

Check My Pulse can make it back-to-back wins in the Close Brothers And CMS Cameron Mckenna Handicap Chase at Musselburgh.

### **Fortune**

He registered his first win over fences at the ninth attempt at Carlisle in midover lenices at the liminioctober, overcoming a jumping blunder and showing an excellent attitude to make up lost momentum and triumph by just over a length.

The handicapper has inflicted a 4lb rise but having shown promise on his previous run too, Check My Pulse may now be on an upward curve.

Astra Via was outclassed at Chepstow last time out but might enjoy better fortune in the Join Vickers.Bet Free Bet Club Mares' Handicap Hurdle back at the Welsh venue.

JOS Buttler was relieved as **England breathed fresh life** back into their T20 World Cupcampaignbyovercoming New Zealand in another tense showdown between the teams.

the teams.

Defeat against the Black Caps would likely have led to elimination at the Super 12s stage but Buttler marked his 100th T20 international with 73 off 47 balls, benefitting from being dropped twice.

Buttler, who in this knock overtook Eoin Morgan to become England's leading run-scorer in the format, underpinned his side's 179 for six before a disciplined bowling performance closed out a 20-run win.

England head to Sydney next and still must beat Sri Lanka on Saturday, but they are favourites to pip hosts and defending champions Australia to a semifinal spot owing to a superior net run-rate.

"I think the team is in a really good place after this. In a must-

good place after this. In a must-win game, to come out and play with freedom and express ourselves and show off our talent, I was really proud of the character we showed.

### Washout

"We've played a lot of cricket over a short amount of time recently but certainly that felt like such a long break (they have not played since losing to Ireland last Wednesday).

"We were desperate to get back out there and show how good we are as a team. We're really dangerous and have got matchwinners. Having not quite played at our best we were desperate to show that here."

Defeat to near neighbours Ireland followed by a washout against Australia, both at the MCG, meant England could ill-

England's favour is they play a day after New Zealand-Ireland and Australia-Afghanistan.

"We've just got to wait and see what happens but there is a bit of a benefit playing that last game to know exactly what is required of us," said Buttler.

"We're going to expect a really tough match against Sri Lanka. They're a good team and every game is tough here. To know exactly what we need to do to get through will obviously be beneficial."

### **Dropped**

Alex Hales struck 52 off 40 balls in an 81-run opening stand for England, who rejigged their batting line-up with mixed results as Moeen Aliand Liam Livingstone were catapulted up the order. New Zealand needed 57 off the

New Zealand needed 57 off the last 30 balls in Brisbane, eerily reminiscent of when they successfully chased down 57 off the last 24 deliveries in last year's semi-final against England in Abu Dhabi.

Glenn Phillips, dropped on 15 by Moeen, had raced to a 25-ball

fifty but Mark Wood put the brakes on the Kiwis by conceding just three from the 16th over before Chris Woakes and Sam Curran took charge.

"My own captaincy journey is still pretty young and as that evolves over time I think I'll get even more of a feel of exactly what I like," added Buttler, who took charge of England's white-ball sides last summer.

"As a captain you want to try and lead by example. To come through that game as captain and score some runs for the team and then a couple of times you make a decision and it comes off straight away, it's always nice when that happens."

Curran snared the all-

MARCUS Smith is relishing the opportunity to benefit from the fear factor" created by Manu Tuilagi rather than having to stop the destructive England centre.

The pair are set to be reunited in the midfield when Argentina visit Twickenham on Sunday after starting two Tests together last autumn.

Tuilagi's injury curse prevented him from playing in the Six Nations or the July tour to Australia but now back firing for Sale, he is ready to serve as the backline's main RUGBY LINION

A week ago Tuilagi and Smith faced off on opposite teams when Harlequins engineered a win in Manchester and the 23-year-old fly-half welcomes the adjustment from enemies to allies.

"First and foremost, Manu is a brilliant bloke. He's always looked after me ever since I was young," Smith said.

"He makes me feel very comfortable and like I can be myself and I love that about him.

### Concussion subs a must say players

THE Professional Footballers' Association has renewed calls for the introduction of temporary concussion substitutes

concussion substitutes after fresh controversy over the weekend.
Aston Villa goalkeeper Emi Martinez took a heavy blow to the head in the first half of his side's 4-0 defeat at Newcastle on Saturday, but initially stayed on after lengthy treatment before being replaced shortly after.

The incident provoked fresh debate over head injury protocols, and the PFA has now said current rules are putting players at

"serious risk".

Dr Adam White, head of the PFA's brain health department, said: "The laws are jeopardising player health and safety. "Permanent subs do not

allow medical teams to assess a player with a potentially serious brain injury in an appropriate environment. The rules create an extremely challenging situation and

offer no support to medical personnel."
In December 2020, the International Football Association Board introduced a trial of permanent concussion towards a side's sub limit.

The Premier League, the
Football Association and

English Football League English Football League adopted the rule permanently across all professional competitions – a move widely welcomed at the time. But the PFA continues

but the PFA continues to push for temporary concussion substitutes, which would allow medical staff longer to assess potential injuries before making a decision on whether or not a player needs to be permanently replaced.

The players' union also expressed alarm that European governing body UEFA is yet to integrate the permanent concussion substitute rule into major competitions. White added: "This

situation needs to be addressed urgently. As a bare minimum UEFA must introduce the available permanent concussion substitution rule."

Villa's decision to

# SOME GOOD NEWS ON FITNESS FRO

MANCHESTER City boss Pep Guardiola believes it is "likely injured England pair Kyle Walker and Kalvin Phillips will

be fit before the World Cup.
Right-back Walker has been out since suffering an abdominal injury in the derby against Manchester United a month ago while midfielder Phillips underwent shoulder surgery in Santember

September.

Neither are yet ready to return but, despite the tournament in Qatar beginning in just over three weeks, Guardiola thinks they both still have

time.

The City manager said: "It's likely, from the way they recover. From what I hear in the dressing room, it is likely they can be ready. You don't play a World Cup every week."

The issue would appear to be most pressing for Phillips, having been

limited to just 14 minutes' game time this season even before his latest setback.

setback.

He has no chance of featuring in Wednesday's final Champions League group game against Sevilla and the Premier League clash with Fulham on Saturday also seems unlikely.

After that, City have just a Carabao Cup tie against Chelsea and a league visit from Brentford before the break for the World Cup.

### **Rhythm**

"I don't know," said Guardiola when asked when Phillips might return. "He's doing partial training sessions with the team, so not contact yet, but we will see the evolution and the needs.

recovery but he is late compared to Kalvin."

City are also definitely without top score Erling Haaland for the visit of Sevilla.

The prolific Norwegian, who has netted 22 times in 16 City appearances, missed Saturday's victory at Leicester while suffering from a fever and a foot problem.

Guardiola said: "He feels better but still not 100 per cent. There is no point risking him. Hopefully we can have him against Fulham."

With City having secured their place in the last 16, Guardiola is likely to make changes.

"I have to see the training session but the players who don't play regularly are going to play," Guardiola said at a press conference.

One player who could get an

opportunity is Julian Alvarez. The Argentina striker has been overshadowed by Haaland since his summer arrival but is happy to be competing with the Norwegian for a

place.
Alvarez said: "First and foremost, it's a privilege playing with him and it is always great to play alongside the best in the world.

### **Training**

"I've played with him and without him and I think we can learn from each other both ways. I like how he always wants to bring the best to the

team.
Guardiola, meanwhile, has revealed he intends to enjoy a little downtime during the World Cup but will soon be back on the training

field.

He said: "The best way to enjoy the matches is at home with red wine!

"We will have one or two weeks off and then we will come here, maybe

go to Abu Dhabi, maybe organise a friendly game.

"It's not definitive but we will train, come back on November 28 and be ready as much as possible."
